COWRA HIGH SCHOOL

BOOK AND EQUIPMENT REQUIREMENTS

We are encouraging and expecting students to have most books and equipment purchased, covered and labelled ready for starting work on the first day back at school. We hope that by giving you this information it will avoid the rush experienced by many at the start of the school year.

Note: In some practical subjects eg. Science & Technical Studies correct protective footwear is required. This is for safety purposes, where there is a threat of spillage of corrosive liquids or contact with hot objects.

Every student will require an **external device (USB Flashdrive)** to back up their work and assignments / assessments tasks and a student diary.
